WHO WE ARE

Established in the year 2000 through ingenuity, hard work and professionalism, Apex Scaffolding LLC has grown to be one of the most reputable scaffolding and access service providers across the U.A.E.

With over two decades experience and a focus on providing commercial scaffolding and access solutions to the civil/building construction industries and industrial facility clients, we have dedicated ourselves to achieving and maintaining excellent standards of Health and Safety in the work place whilst providing innovative and sustainable scaffolding solutions that meet our clients needs on any scale of project, large or small.

Primarily operating from our Dubai head office with a regional Abu Dhabi office our locations are strategically placed and allow us to provide a range of services to local, national and occasionally international customers in various business sectors with great efficiency, speed and ease.

OUR MISSION

Our mission is to deliver a consistent and exceptional level of service without compromise to quality, reliability and safety guided by National and International legislation, Standards and Codes of Practice. We constantly strive to innovate and improve our performance to continuously carry us forward whilst ensuring that we provide the safest, best quality executed project, completed on schedule to meet our client's satisfaction and demands and to establish long term relationship through positive cooperation.

OUR VISION

Our forward looking vision is to become the market leader in providing scaffolding and access solutions to the civil/building construction and industrial facilities both locally and internationally, serving the society with the highest degree of professionalism, quality, integrity and safety as our top priority and to be able to expand and diversify our business globally with proper utilization of our resources and effective management.

CORE VALUES

Our core values promote the best of who we are and guide the way we conduct business on a day-to-day basis. We strive to establish and uphold these values in order to build a better business for the long term:

OPENNESS AND HONESTY

INTEGRITY

COMMITMENT TO OUR PEOPLE

PROFESSIONAL DELIVERY

INNOVATION

FOCUS ON SUSTAINABLE PROFITABLE GROWTH

OUR STRATEGY

OUR COMMITMENT

Apex Scaffolding LLC has a proven track record in delivering innovative scaffolding solutions in a creative, cost-effective manner while remaining focused on our top priority – **SAFETY**.

Our commitment to provide high level of safety has led us to gain qualifications that enable us to work in such safety-critical environments across the region and overseas.

Renowned for our honest, open-door approach, we maintain a strong working relationship with our clients based on confidence and trust. We aim to go above and beyond our clients' expectations by raising the platform of scaffolding standards, which makes us stand out from other scaffolding companies. This is reflected in the high level of repeat business we receive and also the fact that we are approved suppliers to a large number of organizations across the country.

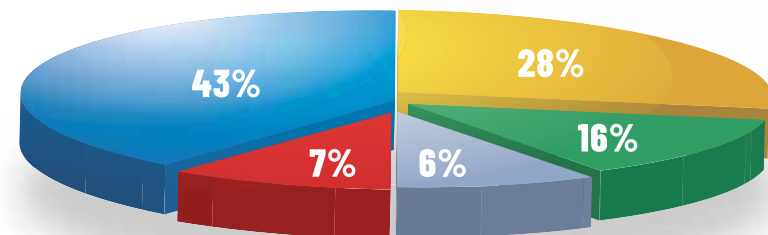

HEALTH AND SAFETY

Apex Scaffolding LLC embraces an uncompromising commitment to protecting the environment and preserving the safety, health and wellness of our employees, customers, other contractors and the public. Through steadfast cooperation and consultation with our employees, Apex is committed to ensuring everyone's right to work in a safe and healthy environment is realized. Our culture of caring will inspire the establishment of safe and healthy work environments, the promotion of safe behavior and the proactive elimination of hazards.

ACCESS

By delivering a consistent product on time and to specification; reducing our clients' costs through innovation and efficient approach; and providing our products and services while maintaining the highest levels of safety and protection to employees, clients and all other users of our products during the erection, alteration and dismantling processes, we have accomplished significant projects and brought not just satisfaction but also peace of mind to our valued customers.

Our Cuplock system scaffolding allows our scaffolding erectors to install and dismantle faster than with traditional systems but without any compromises in safety.

This makes our scaffolding services more affordable and actually helps to save money for our clients. No matter how large or small project is, we work extremely hard to ensure all our customers receive a high standard, high quality, safe, reliable and friendly service that we believe is second to none.

Apex Scaffolding LLC possesses a separate division exclusively focused on event and exhibition scaffolding installations. We can supply, erect and dismantle for a host of specialized uses including billboard scaffold structures, aluminium towers, stages, grand stand seating, media & camera platforms, risers, ramps, walkways and archways, towers, ground mats and fencing. We have a complete in house and custom fabrication facilities that enable us to create exemplary and unique live environments for extraordinary event experience.

MUHAMMAD KAMRAN

Managing Director

With over three decades of experience in this sector, Mr. Muhammad Kamran embodies the innovative beating heart of the now renowned company.

What started as a scaffolding supplier in Dubai now has grown and developed into something very passionate to him, pouring his creativity and attention to detail into every event produced by APEX all over Middle East.

Within the radius of APEX, we branch out with services as events, staging, scaffolding, platforms, seating, event, designs, flooring, branding, fabrication, construction and buildings are some areas which he manages.

He is still every bit as involved in the running of the company today as he was in those early days.

Built an empire of its own with his wide knowledge and experience over the years which branches in Dubai, Abu Dhabi, KSA.
